

# SHIVEDALE SCHOOL

SECTOR – 1 BHEL, RANIPUR, HARDWAR - 249403

---

## Annual Report - 2021-22

Shivedale School aims to be the pioneer of educational institutions dedicatedly committed to nurturing and fostering eminence. We strive for excellence in every endeavour to achieve transcendence.

The strength from Nursery to Class IX stands at 509 students, 20 teaching staff, 6 non-teaching staff, and 2 peons. This has been a marked improvement over the last session which had 333 students. Excellence in education and fostering the love of learning is the hallmark of Shivedale School. Our staff of dedicated and sincere teachers are working to improve the academic standards of both the Pre-Primary and Primary sections. Teachers take good care of the students and assist them to cope with all kinds of problems and challenges.

### Parent Teacher Association

A General body meeting of parents is held before the commencement of the session 2021-22 and new members of the PTA were nominated. Parents provided valuable feedback and suggestions to the teachers and teachers in return provide them with academic work done and changes made in school for improvement. PTA is a group of closely knit individuals who work together for the betterment of the students. We thank our parents for their continuous support and cooperation.

### Academic Activities

The academic session of 2021-22 is very special in the history of Shivedale School, BHEL as it established our affiliation as a Secondary school till class X with the Central Board of Secondary Education. But the ongoing pandemic of Covid-19 forced a total shift in the Teaching learning process from an offline or physical mode to an online mode. It threw before us a difficult challenge of keeping the students connected to school and teachers through Google meet, Google forms, Video presentations, and other virtual modes. Shivedale School accepted this task with confidence and made a smooth transition to the online mode in itself. Teachers started conducting their online lectures with attractive and informative Powerpoint presentations, and online activities and even conducted Periodic assessments and Half Yearly Exams through the online medium.

### Student Enrichment

Student Enrichment Programmes have been organised and students actively participated in all school activities and competitions – but with a difference i.e., in the virtual mode. This included singing competition, dance competition, poem singing competition, drawing and poster making competition, greeting card making competitions in the pre-primary and primary sections etc.

### Teacher Training Programmes

Various training programmes have been organised by the school in the session 2021-22. Teachers have participated actively in the training sessions organised by C. O. E's, Microsoft and other training institutions.

### **New Initiatives**

In the meeting of SMC held in March 2022, it has been decided to implement the Bagless System of education for children up to class – II (Second). This system will improve academic excellence among students through Learning by Doing and the play-based system of education. The same has been discussed in the meeting of the Parent Teacher Association.

### **Conclusion**

Efforts have been made to promote the holistic development of students encouraging them to participate in both, curricular and co-curricular activities. Teachers act as the facilitators and explain concepts, and facts and provide extra information to the students with a variety of teaching aids. E-learning is an essential component in this regard, which makes the teaching-learning process both interesting and interactive. The school is progressing towards an accountable and transparent learning culture.
